**IPx Connect Provides Interactive Online Meetings**

### The IPVideo Platform Solution

#### Giving you the Power of Video and Collaboration

IPx Connect's IPVideo Platform enables organizations to communicate via audio, video, and web collaboration with all of their employees, clients or customers, business partners - wherever they may be.

- In a fraction of the time
- At a fraction of the expense of on-site meetings or off-site training

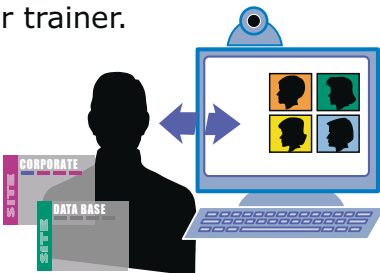

IPVideo Platform gives you complete multimedia capabilities wrapped into a single turnkey product. Now, you can see more people online from the comfort of your office.

Your meetings and training sessions will be even more effective by combining our leading video and our innovative collaboration tools.

### Ideal Training Platform IPVideo

Not only is the IPVideo Platform a powerful business tool for conducting online meetings and presentations, but it is also the most advanced online learning platform in the market today. With IPVideo, your audience will feel like they are in the same room with the instructor or trainer.

Share presentations on-line

Enjoy video and voice conferencing over the internet

*Providing Interactive Online Meetings<sup>SM</sup>*

IPVideo Platform also includes our **IPNexus** web conferencing tool. IPNexus can be used independent of the video capabilities, enabling you to greatly enhance online meetings.

**Users can:**

- Give a PowerPoint presentation
- Share Word, Excel or PDF documents
- Walk someone through a web site
